Oracle Jinitiator 1.1.8.2 PATCHED Download For Windows 7 64-bit 93

July 29, 2011 - I am trying this on 32 -bit version of Windows 7, Forms does not have the latest version... I get "FRM-92095: JInitiator version too low..." when I run "JInitiator -demo.exe -configuration DDE" and try to access "Historian", "History" and "Restore". I can't find more information about this issue. I have searched the Forms site and tried to install all available updates but no luck. I am using Windows 7 Professional. This works on Windows XP and Vista, both 32-bit and 64-bit. I am very new to Forms programming. I have never worked with JInitiator before.
